3. **Approval of previous minutes**

- The minutes of Commission meeting 20–21 January 2012 were approved.

4. **Strategical planning**

- “Separate or together -issue” was discussed. We agreed that we would very much like to have WOC and WTOC together when it’s possible. One of the reasons is money; you get some synergy by organizing them together (bulletins, transportation, maps, ceremonies, accommodation...). The “whole IOF” has possibility to take part also in our competitions (?) and TOC members and competitors are able to attend meetings etc. (like in Lausanne). And also the press might be more interested in TrailO when they are available for WOC anyway. It was also agreed that sometimes it is impossible to combine these two.

- Clothing of → rules?
 - Clothing of competitors in TrailO was discussed. A competitor should be dressed in sport clothes. It was discussed whether this should be in rules or not.
- Wheelchair constructions → to rules?
 - Wheelchairs should be suitable for outdoors, not too small wheels

- Assistants should be able to push the wheelchairs; there should be proper handles.

Should TOC encourage IOF TrailO event organizers to implement organization with some technological improvements, better promotion of the sport - IOF TrailO billboard, official speaker, info for media, etc.? Can TOC or IOF do something for that, because it is sometimes difficult for small organizing teams to cover all that? → we decided to take this in our next meeting.

- David Rosen: Should there be a newsletter to IOF TrailO Event Advisers? YES! We shall have this in our Agenda in Helsinki.
