# **Application overview**

**2019 to 2023**

## About this document

This summary is intended to give an overview of upcoming events member federations can apply for. Member federations should apply within the timeframe specified, if nothing else is stated.

The document does not cover World Ranking Events (WRE) applications.

For Event Abbreviations see Glossary of Acronyms: <http://orienteering.org/wp-content/uploads/2010/12/Glossary-of-acronyms1.pdf>

The tables of events that are presented in this document contain both already appointed events and events to apply for. The Events with a fatter red text, i.e. **2019-01-01** in the “Application End date”-column mark events with the closest application deadlines.

## How to apply

The official application should come from the member federation. Host venues, event organisations, local clubs or other organisations need to apply via the member federation.

All application should be sent to IOF Office ( [applications@orienteering.org](mailto:applications@orienteering.org) ).

## Application documents

## Possible Event Dates and Event Period Calendars

Please follow this general process below when deciding Event dates.

1. The Applicant checks the date periods for the discipline
2. The Applicant checks the document [IOF Policy on Conflicting dates](#) and matches that with the currently appointed Events of higher level. Appointed Event dates are found in the tables below and in IOF Eventor.
3. The applicant proposes preferred and impossible dates. The Event dates should be covering all days that are mandatory for a Team or Athlete. Normally, the Event dates are the program from the opening to closing ceremonies of the event, one day before first race day to last race day.
4. Dates are provisionally decided when an applicant is appointed and finally approved by IOF Council.

## Foot Orienteering Events

### Possible Event Dates and Standard Calendars

For Foot Orienteering Events, please read the *IOF Policy on Conflicting dates* and The IOF Event Period Calendar for Foot Orienteering Events (it's in the Appendix A in the policy).

Due to the new World Cup structure that are forming please contact IOF Office for more information on how to apply for a World Cup Events 2020 and onwards.

## MTB Orienteering Events

### MTBO - Possible Event Dates and Event Period Calendars

The possible periods and the conflicting dates are described below. Use this information together with the *IOF Policy on Conflicting dates*.

The IOF envisions the following structure of international events for the season 2020 and onwards, but is happy to consider alternatives proposed by strong applications:

May/June	July/August	September/October
World Cup round 1 EMTBOC	World Cup round 2 WMTBOC + JWMTBOC	World Cup round 3 Final
WMMTBOC preferably with World Cup round 3		

- There should be at least 6 weeks between two World Cup rounds.
- The EMTBOC should preferably be organised before the WMTBOC.
- The EJMTBOC and the EYMTBOC may be organised together with the EMTBOC, or the WMMTBOC if the event takes place in Europe.
- The WMMTBOC may be organised together with a World Cup round (preferably 3), but it is not a requirement.
