National quotas and result list for competitions 1 and 3

All Federations can start with a maximum of 4 teams. Each team consists of 4 team members of whom at least two must be women. Only the best placed team of each Federation will count for the World Cup result list. Teams with runners from more than one Federation (but still with 4 team members of whom at least two must be women) may participate but will not be placed in the results.

Start order

For competition 1, the sprint relay result from WOC 2018 determines the start order. For WOC (competition 2) the relay result from WOC 2018 determines the start order. The World Cup overall standing after competition 2 determines the start order in competition 3. Teams other than a Federation's first team shall have a start number higher than all the Federations' first teams.

Team World Cup standings

Team World Cup standings are defined as the sum of all scores.

If there is more than one Federation with the same number of points in the overall standings the highest placing in competition 3 determines the final order.
